Professional Summary

Computer Science graduate with hands-on experience in building scalable full-stack web applications and data-driven solutions. Proficient in React.js, Node.js, Django, MongoDB, MySQL, and Python libraries like NumPy and Pandas. Skilled in developing responsive UIs, integrating REST APIs, and deploying production-ready applications on cloud platforms such as Render. Strong in authentication, version control, and database design. Passionate about creating high-quality, real-world software solutions.

Technical Skills

- Frontend: HTML, CSS, JavaScript, React.js, Bootstrap, Tailwind CSS

- Backend: Node.js, Express.js, Django, RESTful APIs

- Database: MongoDB, MySQL, SQL (Joins, Indexing, Subqueries, CTEs)

- Data Analytics: Python, NumPy, Pandas, Matplotlib, Seaborn

- Tools: Git, GitHub, Postman, VS Code, Jupyter Notebook, Render

- Other: Responsive Design, Authentication, Deployment, Debugging, Version Control

---

Projects

1. ## SkillSync – MERN-Based Social Collaboration Platform
   Live Demo: https://skillchat-frontend.onrender.com

- A real-time collaboration platform built with the MERN stack to enable group chat, profile interaction, and calendar-based event scheduling.

- Developed end-to-end architecture using React.js, Node.js, Express.js, and MongoDB.

- Built secure authentication using Context API and protected routes with React Router.

- Implemented group creation, dynamic chatrooms, profile management, and event calendars.

- Styled UI using Tailwind CSS and deployed both frontend and backend on Render.

- Designed modular REST APIs for managing users, groups, messages, and events.

2. JobBoard – Django-Based Job Portal
Live Demo: https://dijango-project.onrender.com

- A role-based job portal designed for job seekers, employers, and administrators to manage postings, applications, and reviews.

- Used Django's authentication system for role-based login, registration, and access control.

- Created employer dashboards for job posting, editing, and viewing applicants.

- Enabled admin job approval workflows with route protections for unauthorized users.

- Integrated profile management, media file uploads, and dynamic content rendering.

- Deployed on Render with static/media configuration and responsive routing.

Education

Bachelor of Computer Science (BCS)
Savitribai Phule Pune University – Pune, Maharashtra
CGPA: 7.26 / 10 | Final Grade: A | Percentage: 61.32%

Certifications

MongoDB for SQL Experts – MongoDB University
Credential ID: MDB0a44vb0pt5
View Certificate: https://your-public-url.com/mongodb-certification.pdf

Crash Course on Python – Coursera (Authorized by Google)
Verify: https://coursera.org/verify/76MBKY3QNPQV

Soft Skills

Problem Solving • Logical Thinking • Team Collaboration • Fast Learner • Attention to Detail
